Abstract Submission deadline April 1, 2022 [Extended: **April 7, 2022**]	

The BSU Graduate Research Workshop is an annual event hosted by the graduate school at Bowie State University. The objectives of the workshop are to help graduate students to enhance their research and communication skills, and to better understand how to prepare for science and educational careers in a global workforce. Towards this end, the general format for the one (1) day workshop will include oral paper presentations. Other workshop activities include:

- Understanding STEM careers in a global context and identifying international research and education opportunities.
- A panel discussion on current research topic in academia and industry.
- Building research skills and developing focus on employment searches and retention.

This year's event will be virtual online only. The virtual model will provide an excellent platform for scholars to present their research on various topics. A panel of distinguished researchers will review each paper and presentation. This event will culminate with an award ceremony and certificates.

Submission Guidelines

All papers must be original and not simultaneously submitted to another journal or conference. **The articles have to be sent by Easychair. The participants should record their talks in .mp4 format. The talks' duration is about 10-15 minutes.**
